## 65<sup>th</sup> ANNUAL CONFERENCE OF INDIAN SOCIETY OF HAEMATOLOGY & BLOOD TRANSFUSION

7<sup>th</sup> - 10<sup>th</sup> NOVEMBER 2024

Dear Esteemed Colleagues,

On behalf of the organizing committee, it is with great pleasure that I extend this invitation to you for Haematocon 2024, the premier conference for Haematology professionals.

Haematocon has consistently provided a platform for sharing ground breaking research, fostering collaborations, and advancing the field of Haematology. Our program this year promises to be no exception, featuring keynote speeches, panel discussions, workshops, oral and poster presentations covering a wide array of topics.

As we witness the remarkable pace at which the field of Haematology is expanding, it is crucial to recognize the profound impact these advancements can have, particularly in our setting. In countries like India, where access to healthcare resources may be limited, innovative approaches and technologies are emerging to bridge the gap.

Furthermore, collaborative efforts between researchers, healthcare providers, policy makers, and non-governmental organizations are essential for driving progress in this field. By fostering partnerships and leveraging available resources, we can work towards ensuring that the benefits of Haematology reach those who need it most.

As we continue to push the boundaries of Haematology, let us remain mindful of the importance of inclusivity and accessibility. Together, we can harness the full potential of Haematology to improve healthcare outcomes and make a meaningful difference in the lives of individuals in resource-poor settings.

Thank you for your dedication to advancing the field of Haematology and for your commitment to serving all communities, regardless of their socioeconomic status.

Nagpur, known for its rich cultural heritage and warm hospitality, will serve as the perfect backdrop for this gathering of esteemed professionals. Alongside the conference, you'll have the opportunity to explore the city's attractions and immerse yourself in its unique blend of tradition and modernity.

We look forward to welcoming you to Haematocon 2024 and to the exciting exchange of knowledge and ideas that will undoubtedly ensure.

Warm regards,

**Dr. Avtar Krishan Ganju**
